SPLIT

Diviser pour ranger. De la manière la plus personnelle possible. Split est un système de bacs qui permet d'organiser l'intérieur d'un tiroir, selon ses goûts, tout en combinant un design épuré, une grande facilité d'utilisation ainsi qu'un vaste choix de formes, de dimensions et de couleurs. Ce produit novateur réussi à décliner le développement technologique Salice dans une nouvelle définition esthétique, qui plus est, avec une personnalisation et une polyvalence complète et raffinée. Split est disponible en plusieurs finitions qui permettent, grâce à ses couleurs et son touché, de se distinguer par l'élégance et l'originalité et grâce à son principe même de s'intégrer parfaitement dans ses univers très différents.
